FUTRELL RAPPS ROAD MOVE

Here and There

Editorial By ALEX. H. WASHBURN

ARKANSAS gets sound satisfaction this week in repaying through the Red Cross some of that neighborliness which the East expressed during our own flood disaster of several years ago. Some of those flood pictures The Star printed last week struck home to me personally.

Thorn's Action in Commuting Negro, Is Invalid—Bailey

Order Filed Too Late With Secretary of State, Attorney

TO REACH COURTS

Will Fight Execution—Thorn Defends His Clemency Orders

LITTLE ROCK—If the order issued by Acting Governor Harve B. Thorn last Thursday, commuting from death to life imprisonment the sentence of Andrew Hefley, Cross county negro, was filed in the secretary of state's office after Lieut. Gov. Lee Cazort returned to the state, the commutation is invalid, Attorney General Carl E. Bailey held Wednesday.

The opinion was given to T. C. Cogbill, superintendent of the penitentiary, who asked the attorney general to advise him what course he should follow to determine whether the order is valid.

Hefley, whose case has not been appealed to the State Supreme Court, was sentenced in February to be executed April 3 for killing his common-law wife.

Lieutenant Governor Cazort has said he crossed the state line, returning from Memphis to Little Rock, at 3:30 p. m. last Thursday. Governor Futrell has announced that an investigation in his office indicates that the commutation order was not filed in the secretary of state's office until after that hour.

Mr. Cogbill was advised that the attorney general's office cannot settle the controversy as to the facts, but that if he accepts the department's opinion as to the law by which he should be guided, he will incur no peril or liability.

Further Action Certain

The opinion said the courts are open for a determination of questions of facts pertaining to the time the lieutenant governor re-entered the state and the time the order was filed, after the prison superintendent settles up on his course.

Mr. Bailey sent copies of the opinion to Governor Futrell, Mr. Cazort, Mr. Thorn, Prosecuting Attorney Denver L. Dudley of Jonesboro, who obtained the conviction of Hefley, and to Fred H. Stafford, Marked Tree lawyer, who defended Hefley.

Mr. Stafford, when advised of Mr. Bailey's ruling, said that he preferred a court test instituted by state authorities but that if Mr. Cogbill chose to regard the commutation as invalid, the (Mr. Stafford) would bring proceedings to save Hefley from execution. The lawyer insisted that the commutation order was valid. He declared that it was issued at 2 p. m. and not after 3:30.

College Minstrel Here Friday Night

Y BMA Show Presented for Benefit of Tree-Planting Campaign

Final plans for presentation of the Ouachita college musical and minstrel show at Hope city hall auditorium Friday night under auspices of the Young Business Men's association were nearing completion Thursday.

All proceeds above expenses will be the association's contribution to the tree-planting program on Highway 67 east and west of Hope.

Miss Ruth Lawrence, who was recently selected by Dick Powell as Ouachita's most beautiful student, will sing "Moon Over Miami." She is one of the featured players of the show.

The musical show is touring Arkansas and has attracted packed houses in several towns of the state. A general admission of 25 cents will be charged.

Fitzwater Plug to Be Drilled Sunday

Out-of-State Oil Operators Here to Witness Important Test

The plug in the M. D. K. Fitzwater No. 1 Lafferty oil test in 17-14-24, nine miles south of Hope, will be drilled Sunday, it was announced in Hope at noon Thursday.

The rig at the Lafferty test has been shut down the past several days, pending the clearing up of land titles and awaiting additional material to complete the test.

Leases on acreage surrounding the test have been changing hands more briskly the past few days and oil operators from several states are here awaiting the test.

Casing has been set at 1,986 feet. A favorable showing is reported.

3 Views Taken of Chain Store Bill

Borah, Robinson and Copeland All Have Control Measures

WASHINGTON—(AP)—Dr. Paul H. Nystrom, professor of marketing at Columbia university, Wednesday urged passage of the Borah-Van Nuys anti-price-discrimination bill, but warned a senate committee that enactment of the somewhat similar Robinson-Pattman bill "inevitably will raise retail price levels."

Both bills declare for themselves the general aim of prohibiting undue discriminatory prices to large purchasers, such as chain stores, to the competitive disadvantage of independent stores. They differ in the method of accomplishing this objective.

Nystrom, who also is president of the Limited Price Variety Stores, Inc., including both chain and independent stores, advised the Senate Judiciary Subcommittee to "go slow" in support of the Robinson bill. The Borah-Van Nuys measure, he said, was "fair and probably constitutional."

Both the Borah-Van Nuys and the Robinson-Pattman bills were attacked by Charles Wesley Dunn of New York, general attorney of the Associated Grocery Manufacturers of America. Dunn advocated still another bill, introduced by Senator Copeland, Democrat, New York. This measure, he said, prohibited discriminatory price or service rebates to favored customers unless the seller is able to show he made them in good faith and not with the intent of wiping out competition.

Rehabilitation Aid to 12,640 Families

4,416 More in Arkansas Are Obtaining Emergency Relief

LITTLE ROCK—(AP)—Regional Director T. Roy Reid reported Thursday that 37,275 standard rehabilitation families are now being cared for in Arkansas, Louisiana and Mississippi. Emergency aid is being given an additional 14,862 families.

In Arkansas there are 12,640 rehabilitation families and 4,416 emergency relief families.

Farm Workers Disappointed by Delays of New Radical Government

BRITISH STAND PAT

Will Support Locarno Treaty, Though Germans "Have Good Case"

BADAJOZ, Spain—(AP)—Detachments of storm police and civil guards rushed to this city and province Thursday in an effort to oust 60,000 farm laborers who suddenly swarmed over the farms of this area.

The laborers, impatient at the new Locarno government's delay in redistributing lands, seized many vast estates.

English Back Locarno

LONDON, Eng.—(AP)—Anthony Eden foreign secretary, told the House of Commons Thursday that the British government would back up the Locarno pact.

Eden pointed out to the legislators he addressed that Great Britain is obligated under the Locarno treaty to guarantee that there will be no aggression between Germany, France and Belgium. Eden said:

"I believe it to be the judgment of this country, even if we think Germany has a strong case, that we do deprecate the fact that she has chosen to present it by force and not by reason."

Treaty Arouses Italians

ROME, Italy—(AP)—Newspaper comment indicated Thursday that the naval treaty signed by the United States, Great Britain and France Wednesday had produced the most unfavorable reaction in Italy.

The authoritative newspaper La Tribuna said in a front page editorial: "It is a very bad residue of preceding treaties, which never limited anything."

New Crest Rises on Flooded Ohio

Pittsburgh Recovering, But New Danger Menaces Wheeling, W. Va.

By the Associated Press
Protracted flood conditions in West Virginia and Ohio forced hundreds of families from their homes Thursday, while in Pennsylvania the end of the deluge was in sight.

The Monongahela and Allegheny rivers poured their excess waters into the Ohio river but Pittsburgh, hardest hit by last week's flood, was not affected.

At Wheeling, W. Va., however, residents digging their way out of the debris deposited last week encountered the second crest, which arrived there Thursday.

Woman Is Expert in Raising Frogs

Californian Puts 3,000 of Them on the Market Every May

OAKLAND, Calif.—(AP)—When the frog market opens in May, 3,000 of the amphibians offered for America's dining tables will have been raised by a woman.

She is Mrs. Kathryn Vorheis of Oakland, who played with frogs as a little girl and later turned her knowledge to financial profit. At her big frog pond on the outskirts of Oakland, she not only has thousands of animals growing up for market but a number for personal pets as well.

"I always have had a peculiar power over frogs," she said. "I used to hitch them to little wagons as a child and make them mind me. Today all my favorites have names and come when I call them. They answer my voice and nobody else's."

While the demand for epicures far from home creates the principal market for frogs, there are several by-products. Breast of frog is edible, the skin is used to make gloves and some of the internal organs go into the making of cement.

Claims Meat Record

BELGRADE—(AP)—Official Yugoslavian statistics place this city first among capitals of the world for consumption of meat per capita. More than 150,000 head of livestock are eaten annually by a population of 280,000, with pork, beef and veal favored in that order.

Company "A" of Guard to Get Armory at Second and Walnut

Takes Second Floor of Old Julia Chester Building—Move Forced by Kraft Cheese Plant Lease

The top floor of the old Julia Chester hospital building, Third and Walnut streets, has been leased as the new armory location, it was announced Thursday by the Owners Realty & Investment Co., of Hope, owner of the building.

The building at present houses the Resettlement administration and the re-employment office.

The building will be vacated about the first of the month and remodeled and rearranged.

Iron bars will be placed around the windows for protection of several thousand dollars worth of equipment

used by Company A of the Arkansas National guard unit.

Just where the resettlement and re-employment offices will be moved has not been determined.

The guard unit is moving from its present location to make room for the new KraftPhenix cheese plant.

Farm Exchange Is to Open Saturday

Club Women Will Reopen Exchange at Second and Laurel Streets

The Hempstead County Home Demonstration Club Exchange will reopen Saturday at Second and Laurel streets, on the Hope Fertilizer lot.

The club will sell fresh vegetables, canned fruits, cottage cheese, butter, home-made bread and rolls, eggs, poultry dressed or undressed.

All produce will be guaranteed, club officials said. Any Hempstead county housewife having surplus produce may bring it to the exchange for sale.

Another produce to be sold Saturday is fresh and cured meats. These will be sold by the order. Persons wishing to buy meats are asked to call Mrs. B. M. Jones or Mrs. Howard Collier.

Others May Quit Townsend's Group

But Clements Indicates It's Quarrel—No Fear of U. S. Probe

WASHINGTON—(AP)—Forecasts of additional resignations in the Townsend old age pension organization were heard Wednesday night as a house committee prepared to open public hearings Thursday in its investigation of the movement.

Robert E. Clements, subpoenaed as the first witness in the inquiry, resigned Tuesday as secretary of Old Age Pensions, Ltd. The co-founder of the plan to provide persons over 60 with \$200-a-month pensions said he differed with Dr. F. E. Townsend over policies, and objected to "political maneuvering."

"We have nothing to hide," Clements added. "I have been responsible for financing the Townsend plan. I have collected around \$850,000 and have accounted for every postage stamp."

Clements said the organization up to January 1 had spent about \$750,000 and had about \$100,000 now on hand. "We've built the biggest organization in the country and it could not be duplicated at 10 times the cost," he asserted.

It was reported that Clements' resignation has been sought by Dr. Townsend for some time. A member of the investigating committee said discussion had been reported to the committee several weeks ago.

Nursery School to Be Opened in Hope

Call Is Made for Donation of Old Toys, Which Will Be Repaired

The Nursery School, which is under direction of the federal government with Miss Nell McMahon as supervisor, will be opened in the very near future at Brookwood school.

A call for old toys is being made by the advisory council. The people of the town are asked for any kind of toys that they may have and are not being used. These will be repaired and put in condition for use by the children of the nursery school. Those of you who have toys and are anxious to have a place for them please call Mrs. Barney Hamm, chairman of the advisory council, or bring them to the B. R. Hamm Motor company. These will, in turn, be picked up and repaired by the youths working on the National Youth Administration.

The advisory council for this school is composed of: Mrs. Barney Hamm, chairman; Mrs. C. S. Lowthorp, Mrs. Fannie Garrett, Mrs. J. A. Henry, Mrs. Arch Moore, Mrs. W. R. Anderson, Mrs. Faye Russell, Mrs. W. E. Bryant, Miss Mamie Twitchell, J. K. Sale, and C. C. Lewis.

Southern Counties Aim to Put Every Candidate on Spot

Promises Impossible to Carry Out, State Executive Declares

THIRD TERM MOVE?

Two Members of State Planning Board Launch Campaign

LITTLE ROCK—(AP)—Governor Futrell told the State Planning Board Thursday that the South Arkansas Good Roads association "is going to put every candidate for governor of Arkansas on a spot" with its demands for highway improvements.

"This organization in south Arkansas wants candidates to promise them what they want in the way of roads," said the governor.

"The fellow who will go out and make these promises will be foolish because he won't be able to keep them—because he'll have to make the same promises to other sections."

A Third Term?

LITTLE ROCK—(AP)—J. O. Beck, St. Francis county plantation owner, and F. W. Scott, Union county lumberman, announced Thursday that they were initiating a movement to draft Governor Futrell as a candidate for a third term.

Beck and Scott, members of the State Planning Board, said they were urging the governor to make the race and that should he decide it would "result in savings of millions of dollars to the citizens of Arkansas."

There was no immediate comment from the governor.

Philip Carter, 20, Dies of Pneumonia

Former Hope Youth Fatally Stricken—Funeral Here Friday

Philip Carter, aged about 20, member of a well-known Hempstead county family who formerly lived at Fulton, and then several years in Hope, removing later to Monroe, La., died early Thursday morning of pneumonia in the Louisiana city.

Funeral services are to be held in Hope at 10 o'clock Friday morning, with burial in Rose Hill cemetery.

Mr. Carter is survived by his mother, Mrs. T. J. Carter, Sr., one sister and four brothers, all of Monroe; Miss Nina Carter; Thomas J. Gordon, James Edward, and Robert Carter.

127-Acre Farm Is Run by 4 Women

Spring-Planting-Time Returns to This "No Man's Land"

By PAUL K. LEE
Associated Press Correspondent
SOMERSET, O.—(AP)—Spring planting is beginning out in "No man's land," one of Perry county's best-kept farms, whose 127 acres are filled and tended exclusively by four women.

Ranging in age from 41 to 95, the women of the Mechling family have won a living from the soil for more than 13 years, unaided by neighbors or hired men.

When Levi Washington Mechling died, his widow, Anna, now nearing 85, decided to continue operating the farm. She has done so ever since, assisted by her two daughters, Miss Ruth and C. S. Seldin, and a sister-in-law, Mrs. Mary Ann Mechling, who will be 95 April 17. In all the years, credits have been on the right side of the ledger.

Two "Hired Hands" Ruth, 41, and Cereida, 43, term themselves the "hired hands," and there is nothing about the farm that they cannot do, from plowing and planting to building fences.

In the words of Aunt Mary Ann, whose chief job now is making quilts and shelling corn, "Everybody around here has her work to do and does it."

Aunt Mary Ann, who remembers Gen. Phil Sheridan of Civil war fame as a Somerset schoolboy, keeps up with world news by reading three newspapers daily.

"Going to Town"

Mrs. Ann Mechling, owner of the farm, prepares the meals, mows the lawns and tends to the stock, while her two sturdy daughters work in the fields.

"I'm glad the winter has broken up," commented Ruth Mechling. "We've

The Whisper

One breathed it to himself—an ugly thought:
And oh, how far it sped!
And oh, the evil that it wrought,
And the rank poison spread!
Lodged in its brain, the thought took root,
And all unknown, unheard,
The plant sent out its poisoned shoot,
The thought flowered in a word.
A whispered word: the serpent's crafty hiss,
To put the wise on guard,
A Judas' life-betraying kiss,
That reaps its own reward.
Great evil is a brook that flows unseen,
And broadens as it goes;
To cleanse the stream, means first to clean
The spring from which it flows.

El Doradoans Go on at Wichita, Kan., as Little Rock Loses

WICHITA, Kan., (AP)—The Tulsa Stenosis eliminated the Little Rock, Ark., Bush-Caldwell Flyers, 36 to 18, in the semifinal round of the women's national A. A. U. basketball tournament here Wednesday night. Nevertheless, Arkansas sent one team into the semifinals as the El Dorado Lions, an overwhelming favorite, easily defeated Shreveport's sextette, 44 to 10.

CLUB NOTES

County Rally
The Hempstead County -H club rally was held at Rocky Mount, Saturday March 21, with a total attendance of 241.

The forenoon was devoted to singing and stunts put on by the clubs. The stunts were ten minute features ranging from "Out our Way" to a ten piece orchestra which did not play. After a picnic lunch, which was spread under the trees, there were basketball games, potato races and foot races. The final event was the catching of a pig which was given by the local leaders of the clubs. A large circle was formed by the members competing in the contest and the pig was turned loose in the center of the circle. A whistle was blown and the member catching the pig could have it to keep. Verdo Powell of Spring Hill club was the lucky boy.

Washington
The Washington Home Demonstration club met March 14 at 2 o'clock at Mrs. Lannie Beck's home. On account of the Agee Patterson funeral Friday afternoon this meeting was postponed until Saturday.

Miss Griffin could not attend the meeting and this meeting was for the purpose of discussing plans for the council meeting sometime in April.

The President Mrs. Elmore called the house to order and the song "Work for the Night is Coming" was sung by those present, accompanied by Mrs. Agee at the piano.

The devotional, the 23rd Psalm was given by Mrs. J. A. Wilson, concluding with prayer. On account of the secretary being absent the roll call and minutes were omitted.

A round table discussion of the "First Steps in Gardening" and "Beautifying the Home" was conducted by Mrs. Elmore.

One new member, Mrs. A. D. Monroe was enrolled. The meeting adjourned to meet at the home of Mrs. Elmore on April 10 instead of the home of Mrs. J. A. Wilson as previously announced.

After adjournment we all went into the kitchen to view Mrs. Beck's recently built in cabinet and sink made by her husband.

Skunk, Office Pet for Kansas City

A Veterinarian Reports Nick Has a Most Versatile Diet

KANSAS CITY, (AP)—The sins of his parents made a pet of Nicodemus, a male skunk, instead of a malodorous roost rider.

Nicodemus shares the office of his close friend, Veterinarian E. K. Glover, in a Kansas City office building. The skunk's parents were caught leisurely dining on fresh eggs in an Ozarks henhouse and Nick's birth came under the stigma of custody. Shortly after Nick went to Dr. Glover

—his parents, outwardly at least went to a tanner.

Nick is lazy, affectionate, and in his skunk way, pretty. He dotes on ice cream cones, mice and cockroaches. He is fond of his diet of raw eggs, chicken, dog food and cookies.

For dessert he prefers chocolate creams and grasshoppers.

Prescott News in Brief

By DALE M'KINNEY

A variety program sponsored by the Eastern Star will be given at the Junior High School Friday night, March 27, at 7:30.

The members of the Arkansas Centennial met Tuesday night and discussed some ways that Prescott could celebrate Arkansas' birthday. It was decided that a homecoming would be held in order that people away from home may attend the celebrations.

Cummings barber shop on East Elm street is having some construction work done to it. It will be open again in a few days for business.

Rev. Wallace Rogers, pastor of the First Baptist church of Hope, will take charge of the services at the First Baptist church at Prescott, Thursday night, in the absence of the pastor who is assisting in a training school at Hope.

The liquor stores in Prescott were closed Wednesday.

About 100 doctors attended the all-day meeting held at the Allen Hotel Tuesday.

Tuesday and Wednesday were designated as state project days. The local sewing rooms were open for inspection of the public on these days.

The Girls Reserve of the Prescott High School met Monday night at the home of Annie Dean McGuire at 6:15.

Brother Taylor made an interesting talk to the students of the Junior High School on the Ten Commandments Tuesday morning.

High winds and hail did much damage to the west part of Prescott Monday night. Many trees were blown down and light wires were broken, causing the people to be without electricity until 9 o'clock Tuesday morning.

Miss Ruth Wylie left for Benton Tuesday morning where she will visit some friends.

The district meet will be held at Arkadelphia April 17.

Adult School for Negroes Inspected

100 Whites, 400 Negroes Visit WPA Project at Garrett Chapel

Tuesday and Wednesday were visiting days at the negro WPA adult school at Garrett chapel, western edge of the city.

During the two days approximately 100 white persons and 400 negroes attended.

Hand work and literary articles were on display, which had been manufactured and composed by negro students of the school.

Among the visitors were WPA officials of Little Rock who lauded the results of the school, conducted by John Wesley Walker and Ora L. L. Corcor, negroes.

The negro instructors expressed thanks to the general public for co-operation in making the visiting days a success.

Wilson asserts that he never had more than two first-flight pitchers at any one time in 1935.

Davis won 16 games, although he was out for two months. Etel Moore developed a sore arm and never was any good. This pair now looks great, and Wilson declares that he has five more topnotchers in Joe Bowman, Sylvester Johnson, Orville Jorgensen, Bucky Walter, and Harold Kelleher.

Kelleher, a 21-year-old six-footer picked up by the Hazelton, Jr. club, beat Cincinnati and Boston and tied Brooklyn after reporting to the Phils last fall.

Claude Passeau, a giant young right-handed striker-out, who came from the Pirates in the Al Todd deal, copped 20 skrimishes for Des Moines.

Wilson expects good results from Southpaw Johnny Pezzullo, whose in-and-out performances of last season are attributed to a bad appendix, removed in early September.

Robert Earl Bruce, who came from Pittsburgh for Todd, will assist Wilson behind the log. Bill Atwood, a third baseman, hit .359 for Johnstown and finished well with Baltimore. Atwood has the chest and forearms of Jimmy Fox, and takes a poke at the ball somewhat after his fashion.

Infelders A-Plenty
Norris is scheduled to be the only new face in the Phils' infield, which is to be composed of the home-run hitting Dolph Camilli, first sacker; Gomez, second; Norris, short; and Johnny Vergez, third.

Eugene Corbett is a first baseman who hit .335 in the Northern League. Stanley Sperry is a speedy second sacker who swatted .327 for Elmira after missing the first three months due to illness. Irish Sheerin is a shortstop who couldn't hit the ball at night for Tulsa, but he hit .316 in the daylight. Mickey Haslin will be the jack-of-all-infield-trades.

Lou Chiozza is being given a whirl in center field, because he fought the ball at second base. Ethel Allen, Johnny Moore, and George Watkins are the regular retrievers, with Woodley Abernathy and Morris Arnowich fighting for the fifth billet.

Yes, they say that the Phils will be left futile but they're always saying that about the Phils.

P. T. A. Sponsoring Fishing Trip This Week for Basketeers

A fishing trip sponsored by P. T. A. will be given the Bodcaw High School basketball team this weekend.

After finishing a successful year, the boys have been invited to many entertainments. A party was given in honor of this team last Thursday night, March 19, 1936 in the home of Miss Hazel Crain.

The team has played 56 games winning 51. Hope, Union, Friendship, and Warren held victories over the Bears.

The future 1937 squad will include Goodwin, Butler, Bailey, J. H. Butler, Downs, Taylor, J. D. Allen, Fincher, Caudle and Dunn, all letter men from this year. Losing only two men, Ermon Allen and Hilman Wesson, who are members of the graduating class.

We hope that Coach Earl May will be as faithful in years to come as he has been this year. He gets along with all his boys likes basketball and has a good record, coaching. He has coached three years having won a county tournament each year. This year his team won three invitation meets, county title, second place in District No. 8 and went to semifinals in the state tourney.

Center Goodwin was honorable mention for all state. He is expected to be at his best next year.

American Trade Is Savior of Islands

Philippines Gained 21 Millions With U. S.—Lost Elsewhere

MANILA, P. I. (AP)—Official Philippine foreign trade statistics for 1935 disclosed the islands had a favorable trade balance (not including gold exports) of \$20,770,000 with the United States and an unfavorable balance of \$22,585,000 with foreign countries. This left a net favorable visible bal-

ance of \$8,222,000 at the end of 1935, as compared with \$28,796,500 in 1934. Officials said that if gold exports and sugar benefit payments were included, the 1935 favorable balance would approximate the 1934 figure. Limitations on sugar shipments to the United States cut total exports of this commodity 15 per cent under 1934 and 43 per cent below the previous year. Increases were noted in export of coconut products, abaca, embroideries, leaf tobacco and lumber. Hats and molasses dropped sharply, joining sugar under limitation laws. Exports to the United States make up 80 per cent of the grand total. Exports to Japan increased 26 per cent as compared with 1934 and made up 5.5 per cent of the total. Imports totaled \$85,523,849 in 1935, which was \$1,916,739 more than in 1934 or a gain of two per cent. While imports from the United States remained approximately the same as in 1933 and 1934, imports from Japan increased 18 per cent. Chief imports included cotton cloth, mineral oils, iron and steel.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are one of Nature's chief organs of taking acids and wastes out of the blood. A healthy person should pass about 3 pints a day and so get rid of more than 3 pounds of waste matter. If the 15 miles of kidney tubes and filters don't work well, waste stays in the body and may become poisonous. It may start nagging backaches, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't let it lay you up. Ask your druggist for Doan's Pills—used successfully by millions for over 40 years. They give happy relief and will help to flush out the 15 miles of kidney tubes. Get Doan's Pills.

Bilbo, Harrison to Clash Upon Stump

Bilbo to Back Mike Conner Against "Senator Pat" This Summer

By HERBERT PLUMMER
WASHINGTON.—The senate hardly had voted to confirm the appointment of Judge Edwin Holmes of Mississippi to the circuit court of appeals, over the protest of Senator Bilbo, before an announcement was made in that state of real political interest and perhaps significance. Governor Bennett Conner would be a candidate for the United States senate against Pat Harrison this year.

The feud between Mississippi's two senators, smoldering for a long time, definitely was brought into the open by that announcement. It promises to provide one of the most colorful shows of all this election year.

Both are veteran campaigners. Harrison, who has served three terms in the senate and before that a spell in the house, is one of the main cogs in the administration's machine. Bilbo, serving his first term in the senate, is one of the most colorful political personalities on the national scene.

Starts Political Show
The election of Judge Holmes on the federal bench afforded political by-standers in Washington opportunity to witness a rare display of skill between two master strategists of politics. Whether Holmes would be promoted was a moot point.

The real issue was whether Bilbo would outsmart Harrison. The Holmes appointment was sponsored and backed by Harrison to the limit. Bilbo, once jailed by Holmes on a contempt charge, was determined that in so far as he was concerned the senate would not confirm the appointment.

He realized early that nothing he could do would keep Holmes from being given senate approval. He turned the whole affair, therefore, into a grand political show, at Harrison's expense.

He broke his self-imposed silence, dating from the day he entered the senate to speak against confirmation of Holmes. Before that he had tirelessly prosecuted his case before a subcommittee of the senate's judiciary committee.

He made no secret of his intentions. He was out to get Harrison's political scalp, told him so openly.

Bilbo Collects Ammunition
Only four senators, including Bilbo himself, voted against Holmes' confirmation. He was satisfied, however. He had gathered a lot of political ammunition he could use later in a forum he knows best—the stumps in Mississippi.

Few here believe that Harrison's reelection for a fourth term in the senate is in serious danger.

This much, however, appears certain. Harrison will be forced to make a campaign, the like of which he hasn't had to make for years. Bilbo, always a powerful political factor in Mississippi, will compel him to take the stump from the delta to the gulf. That's important, because the Democrats will have need of a man like Harrison in the national campaign.

BEHIND THE SCENES IN WASHINGTON

By Rodney Dutcher

American Telephone & Telegraph, the vast holding company now being investigated by the Federal Communications Commission, is unique.

It is a monopoly, and admits it. Or, over 100 telephones in the country, more than 80 are directly controlled by A. T. & T. President Walter S. Gifford gets \$206,000 a year salary, pays \$103,000 of it in income tax. He cheerfully admits the monopoly part.

But he argues that a national telephone system must be a monopoly, that a lot of small, competing lines would be a nuisance. He denies that A. T. & T. has ever taken advantage of its monopoly position, but has used it to develop the best telephone service for the benefit of the most people.

The FCC is spending \$750,000 to see whether this is true or whether the company has used its position to keep rates up, exacted unjust profits from its affiliates, and competed unfairly with rivals in other fields than the telephone business.

The A. T. & T. is the largest company in the world owned by private individuals. It has total assets of more than \$5,000,000,000. But no one holder owns as much as 1 per cent of its stock.

Every state has from 500 to 10,000 people of the 700,000 who own this company through having bought its stock.

Of some 260,000 people who work for the company, more than 100,000 are part owners through having bought stock.

Reaches Around World

The company controls the regional operating companies which actually run the 14,000,000 telephones that make up the Bell System. But this Bell System also connects with the phones of 600 smaller telephone companies and 25,000 rural lines, so that practically any of the 17,350,000 telephones in the country can be connected with any other one.

Foreign connections have also been established with 67 other countries, and now 20,850,000 telephones all over the world can be reached at any time from any Bell System telephone.

For every share of its stock, A. T. & T. pays out each year \$9 in profits. For the last four years it has not made that much profit, but it hesitated to pay less to stockholders, so it made up the difference out of surplus funds saved from past profits.

That means that the 700,000 part owners of the A. T. & T. receive \$43,000,000 every three months. More than half of them are women. Sun Life Insurance Co. of Canada and Harvard College are among the largest owners. The stock now costs about \$170 a share. In 1933 it cost \$50. The system paid out \$35,900,000 in taxes in 1935—\$7.06 for every telephone in service.

It's a Holding Company

A. T. & T. is a holding company. It owns almost 90 per cent of the stock of 24 companies which actually operate the telephones in various parts of the country, such as the New York Telephone Co. or the Mountain States Telephone and Telegraph Co.

It also owns the Western Electric Company, which plants in Chicago and Kearney, N. J., this company makes telephone equipment, such as phones and switchboards. It sells 90 per cent of its product to the A. T. & T. or other companies of the Bell System. It also buys material for them all, and holds priceless patents.

Each Puff Less Acid

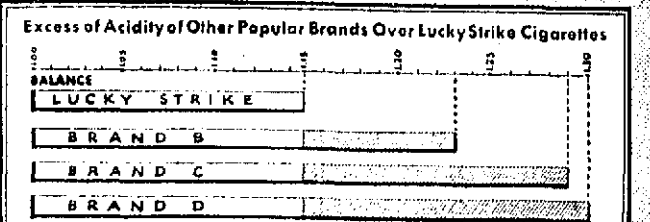

Copyright 1936, The American Tobacco Company

A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

The top leaves of all tobacco plants tend to give a definitely harsh, alkaline taste. The bottom leaves tend to acidity in the smoke. It is only the center leaves which approach in nature the most palatable, acid-alkaline balance. In Lucky Strike Cigarettes, the center leaves are used.

Luckies are less acid

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

RESULTS VERIFIED BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS
